SERVING 5 COUNTIES: LOS ANGELES, RIVERSIDE, SAN BERNARDINO, ORANGE COUNTY AND VENTURA

OUR PROCESS

We collect essential information regarding your needs, health, support system, income, insurance, and other important details. Our intake process typically takes around 10 to 15 minutes and can be conveniently completed over the phone.

We ensure that your file is thorough, verify your eligibility, develop a care plan, and assign a care coordinator who will contact you within a few business days.

When the care coordinator reaches out to you, they will confirm the information in your file and subsequently provide the resources they have compiled for you, both verbally and electronically.

Now that you have your list of resources, it's time to take action. You choose the options for which you would like more information, and we will guide you through the process to move forward.

PLEASE CALL US NOW TO LEARN MORE ABOUT AMAZING RESOURCES!

RESOURCES WE CAN HELP YOU LEARN ABOUT:

- Housing and placement assistance
- Financial benefits navigation
- In-home support and equipment
- Durable Medical Equipment (DME)
- Care Coordination
- Food assistance
- And more!

SERVING 5 COUNTIES: LOS ANGELES, RIVERSIDE, SAN BERNARDINO, ORANGE COUNTY AND VENTURA

At COMMUNITY CARE CONNECTIONS we help connect seniors with available care options, placement support, community resources, and essential services. We work alongside families, hospitals, case managers, and community partners to help ensure vulnerable individuals receive the support they need.

HOW WE CAN HELP

CARE COORDINATION

This department has one goal: to connect you to the best resources that your community has to offer. Before we look into option that would cost you any money out of pocket, we try to tap into free, insurance paid or government subsidized options to help stretch your budget as far as possible.

DME CLOSET AND FINANCIAL BENEFITS NAVIGATION

The DME Closet is a free community resource where you can have access to medical equipment, medical supplies and ever other items needed for safety at home.

For financial benefits, many seniors are entitled to benefits they don't know or or don't know how to access. Our team acts as your advocate to help you navigate the process of qualification and application.

PLACEMENT ASSISTANCE

We focused on getting a roof over our client's head with available care that is based on level of need. We match our clients to senior communities, group homes, skilled nursing and other placement option. We work with any income level, through insurance and have some options for those who have no income.

CONNECTING SENIORS TO TRANSPORTATION SERVICES

Staying connected to your community is important for your health, independence, and well-being.

We help connect you with local transportation and support services that may meet your needs, including:

- Transportation to medical appointments
- Assistance with errands and grocery shopping
- Rides to senior centers and community programs
- Transportation for visits with family and friends
- And more

Our goal is to help you find the resources that keep you active, engaged, and connected.
