About Us

Here to Help Foundation is a 501(c)(3) non-profit organization dedicated to making a positive impact in our community and beyond. Our vision is to uplift every individual who is committed to bettering themselves and their situation, believing that by doing so, we can help strengthen communities worldwide. We advocate for fair and equal opportunities for families and adults, working in partnership with other non-profits to provide essential services. Through housing navigation, homeless support, self-help classes, and a variety of other resources, we are determined to build a better future for those we serve.
