

welcome to Penny Lane Centers

We're Penny Lane Centers. Our dedicated staff works with clients, professionals, community partners and government agencies to transform the lives of thousands of children, youth and families each year. We offer a continuum of programs in a variety of locations throughout Los Angeles County. We choose to lead with a heart centered culture, to be innovative and to be open as this is at the core of who we are. We understand that kids, families, staff and community all basically want the same thing. Everyone desires the feeling of belonging and connection—a sense of purpose that is recognized and valued by others. We humbly welcome everyone to our circle and embrace, empower, and protect those in need.
