

Bell Shelter

Bell Shelter operates a comprehensive program that offers interim housing with supportive services for more than 350 single men and women who are experiencing homelessness.

Our primary goals are to meet the emergency needs of our clients and to address the underlying issues that contributed to their homeless condition by supporting their achievement of a higher quality of life through greater self-reliance, increased income, and increased housing stability.

CASE MANAGEMENT & SUPPORT SERVICES

Individualized case management, specialized veterans' programs, individual and group therapy & referrals for mental health services; on-site mobile clinic & medical referrals; staff nurse, medication management, and communicable disease education; library and computer access for job and housing searches; vocational assistance & job referrals; life skills classes; and housing placement assistance.
