## PARTNERSHIPS

## L.A. CADA Art House

### Recovery Bridge Housing

for people with marginalized sex, sexual orientation, gender identity status, and LGBT-identified people seeking recovery from substance misuse.

626-314-3333

For a tour, more information, or to make a referral, contact Susan Forrest at 626-314-3333 or 213-277-7179 or [sforrest@lacada.com](mailto:sforrest@lacada.com)

## RECOVERY BRIDGE HOUSING

In northwest Pasadena, below the foothills of Altadena, Art House is situated on a large, private lot close to public transportation, health services, and green park space. We can comfortably accommodate up to 16 residents at a time.

Art House is a Recovery Bridge Housing (RBH) program that provides a safe interim living environment for people who are homeless and are in intensive outpatient (IOP) or outpatient (OP) treatment to address substance-related issues. RBH services are free to our residents. People can access 90 days of RBH housing per year. We will assist our residents in navigating the Coordinated Entry System (CES) with a goal of obtaining permanent housing before they leave Art House.

*Funders require that residents must be eligible for either Medi-Cal or MyHealthLA to receive RBH services.*

## OUR PROGRAM

Art House has been conceptualized to meet the needs of populations who have marginalized sex characteristics, sexual orientation, and/or gender identities (ie: LGBT). We ensure a home environment which is consciously trauma-informed, intentionally affirming of our multiple, often intersecting, identities, and encouraging of artistic/creative self-expression. We are invested in healthy community-building and social justice.

Art House is a space free of societal stigma, discrimination and marginalization, in which our residents can recuperate from the minority stress that plague our lives, and from which our residents can begin to unpack and address internalized -isms and implicit/subconscious bias and shame. Art House sees the creation of intentional safe space; the respite from the larger, often oppressive, culture; and this shared, yet specific internal work as a critical core component in the recovery and well-being of populations – a component which usually remains unacknowledged in traditional treatment programs.

## OUR VISION

### MISSION

Art House provides a safe, supportive, and affirming home space where people seeking recovery from substance misuse can begin the process of self-actualization through affirmation of their sexual orientation and/or gender identity and the establishment of long-term stability.

### VISION

Together with and for people who have been marginalized because of their sexual orientation or gender identity, Art House will provide an environment where whole person safety and well-being can be realized through creative expression and discourse directed at individual health, building supportive communities, and celebrating our cultural diversity.
